Planning

Wednesday 26.09.2007

Get together at 10.00

11.00 Pr. Paul Knochel

Preparation and reactions of polyfunctional organometallics

12.15 Lunch break

14.30 Dr. Anna Mapp

Regulating gene expression with natural and unnatural products

15.45 Coffee Break

16.30 Pr. Jonathan Clayden

Conformers, atropisomers and things in between - how to fold a molecule

18.00 Poster Presentation

19.00 Diner break

20.15 Poster Presentation

Thursday 27.09.2007

09.00 Dr. Joëlle Prunet
Taxol: Synthesis and Metathesis

10.15 *Coffee break*

11.00 Dr. Anna Mapp
Parsing the specificity-activity relationship in transcriptional activation

12.15 *Lunch break*

Free time till 16.00

16.00 Poster Presentation

17.30 Pr. Paul Knochel
New advances in cross-coupling and amination reactions

18.45 *Diner break*

20.15 Pr. Andrew Greene
Novel Approaches to Alkaloids

Friday 28.09.2007

09.00 Pr. Jonathan Clayden
Flat-packed stereochemistry - dearomatising C–C bond forming reactions in synthesis

10.15 *Coffee break*

11.00 Dr. Joëlle Prunet
Towards the synthesis of Dolabelide C

12.15 Best poster award ceremony

12.30 *Lunch and departure*
